

BORDERS 2020

July 23 - August 21, 2020

ITSLIQUID Group, in collaboration with **Venice Events** and **ACIT Venice** - Italian-German Cultural Association, is proud to announce **BORDERS Festival 2020** that will be held in Venice at **THE ROOM Contemporary Art Space** and at **Palazzo Albrizzi-Capello**, from July 23 to August 21, 2020, with the participation of more than 120 artists from more than 30 countries.

The first appointment of BORDERS is divided into two sections: **BODIES+CITIES SKIN** and **Venice International Art Fair 2020**.

BODIES+CITIES SKIN is about the humankind, that wants to wear his city like a second skin without borders or limits. City's body is in constant evolution. It changes its skin and shows a renewed body. This mutation follows the direction of human being development and it is a clear and true statement of cities changing time. From borders as **individual bodies** and souls to **boundaries of cities** in which we live, each line delimitates a surface and could be the starting point to something new, undiscovered. Limits are everywhere, barriers keep us inside or outside spaces and societies. Their passing creates a crossover of identities and urban environment. The way we move, we relate to anything, to the world make us go beyond boundaries.

Venice International Art Fair 2020 analyzes the **relationship between body and space**, and the hybridization between identities and cultural/physical/social/urban settings in contemporary time, through two main sections: **LIQUID ROOMS** and **FUTURE LANDSCAPES**.

LIQUID ROOMS analyzes the hidden parts of our identities, through an immersive experience inside the fascinating universe of the complex labyrinths of our **consciousness**. The human body is a changing system that connects us with other

bodies and spaces to perceive the surrounding reality; a strong communication system with its own language and **infinite ways of expression**.

FUTURE LANDSCAPES are abstract, infinite and conceptual, associated with a sense of freedom and infinite extension. Primarily experienced with the mind, spaces redefining their limits and borders, transforming surfaces in open flow of pure ideas. This section focuses on the concept of the borders and the structures between body, **mind and soul**, the human identity and the city, the space and the ground.
